AN ITALIAN STORY

Dakota reveals a new approach
to stone-like surfaces
with a clean, contemporary
look, preserving and reviving
the vitality and charm
of natural stone.

Vivid color tones and light veining radiate elegance and style. The multi-format pattern, paired with the coordinating wall mosaic, enhances the warm feeling of stone.

The surface texture is surprisingly soft to the touch with a totally refined look, and it combines style with ease. Dakota is Italian made gres porcelain stoneware: the best in quality and design.

Dakota's texture seemingly appears to change in its different sizes: essential and sophisticated in the larger sizes, natural and vibrant in the multisize package, where the liveliness of the graphics and the surface structure is at its fullest.
